God is awesome indeed for His children!

God, thank you to start off this ministry program " Feed the Malnourished Children". The goal is to feed the children who are under weight/malnourished for their age. We started with 11 children on the list, weighed these children before we started, then weigh again every 2 weeks. The feeding will be 6 times a week for one month. On Sundays, these children are joining back to the ministry, "Teach the Children How to Pray the Rosary/Feed the Children". Once a child is above 10 kgs the average weight based on age on clinical weigh scale, then the child will graduate and another child who is under weight will start.

The small house where the children for this program is held belongs teacher Regina Tesorero in the squatter area. All are volunteers and thank you. Ms. Regina arranged her house so that the table will fit in. She knows art work decorations as part of her part

time job, decorating for birthdays and weddings called Artsy Regine . God bless you, and All!

If you want to donate Nido milk, vitamins, and food for the children, please let me know.

It is difficult to feel that one of our ministry attendees for Teach the Children How to Pray the Rosary is so sick and in dire need of help from all of us. Prince aunt Analiza Yauna one of the 2 volunteer teachers for Pray the Rosary/Feed the Children in Paliparan, Cavite is asking for your help. Please see below her letter in English, Tagalog and Prince picture. Prince needs your prayers of healing, help in kind, and financial donation. If you donate, I will send it as soon as possible to help this child.

Subject: I'm begging and asking for your help.

My name is Analiza Yauna, **Prince Yuan Altesin**'s aunt, one of the volunteer Teacher of Saint Charles Caritas that teach the children on **How to Pray the Rosary** in SAMADA Phase 5 Brgy. Paliparan 3 Dasmariñas City Cavite. I am knocking on your door and heart for my nephew's needs for medication and admission in the hospital. He's name is Prince Yuan Y. Altesin, 5 years old. He is one of the children that attends the session every Sundays to Pray the Rosary. He has this health condition of

Enlargement of stomach, Edema (whole body), Stomach ache, 4 days before he release his toxic waste not a normal one, and Malnourished.

We don't have money to pay for all the expenses like medications and hospital admission. The parents of the child has no permanent work. His mother's name is Anabelle Yauna who is my sister and she is a housewife while her husband name is Francis Altesin, is a construction worker who do part time only and the salary is not enough to sustain the needs and hospital admission. We tried to admit the child last May 04, 2022 because we cannot bear to see the child in so much pain and the people tried to refer us to some public hospitals in Cavite and Manila but the hospital kept rejecting us because there was no vacancy anymore. One of the hospital in Manila tried to assist us further but the hospital needs us to undergo swab/rapid test before admitting but we don't have enough money to do the test because it was so much expensive but they do have other option to admit and that was putting the child inside the area wherein there are a lot of COVID patients (isolated area) but of course we don't approved that we cannot risk the child just for that, that was why we just went home and tried some alternatives at home. Prince still needs medication for his fast recovery but we hope that he can be admitted to a hospital since we cannot control the enlargement of his stomach. The whole family is praying for our nephew's fast recovery and we want to see him smile, active and attend the rosary again. We are knocking on your heart for some help and prayers we really appreciate anything that you can help. Thank you so much and God bless you all.

*Sincerely,
Analiza Yauna*

Ako po si Analiza Yauna, Tita ni Prince Yuan Altesin, at isa sa Volunteer Teacher ng Saint Charles Caritas na nagtuturo tuwing linggo ng 'Pray the Rosary sa mga Bata sa Lugar ng SAMADA Phase 5 Brgy. Paliparan 3 Dasmariñas City Cavite. Ako po ay lumalapit sa inyo para humingi ng tulong para sa aking pamangkin na nagngangalang Prince Yuan Y. Altesin, 5 years old. Isa sya sa Bata na umaattend tuwing linggo upang magdasal. Ang kanyang kondisyon ngayon ay malaki ang tiyan, minamanas ang kanyang mukha at mga paa, masakit Ang tiyan, Apat na araw bago makadumi (hirap makadumi), at Malnourished.

Wala po kaming sapat na pampagamot sa bata dahil ang Ina ng Bata ay walang trabaho at Ang Ama naman nito ay umeextra bilang construction worker kaya hindi po sapat ang kanilang sinasahod sa isang linggo. Kami po ay nirerefer sa hospital at sa ilang hospital na napuntahan namin ay nirereject kami dahil wala na daw pong bakante pero may isang hospital na tatanggap po sana sa bata upang maadmit ngunit hinihingan po kami ng swabtest pero sa kadahilanan na wala po kaming sapat na pera

para po sa swabtest at panglaboratory ng bata kami po ay umuwi na lamang. Kami po ay nangungupahan lamang kaya dahil wala po kaming sapat na kakayahan panghospital para sa bata kaya kami po ay lubos na kumakatok sa inyong puso upang makahingi ng tulong pinansyal para po sa Bata at maadmit na po sana para sa agarang pag galing po. Maraming Salamat sa inyong pangunawa at pagresponde.

Echo laboratory. Prince is still in the hospital with dextrose and oxygen hooked up on him. The family is very poor. Parents do not have work. Living in the family of his auntie's rented house of 9 family members (Analiza is the Sunday teacher volunteer to Teach the Children How to Pray the Rosary). Warsaw, February 19, 2022

Jesus, I trust you!

Madam Merlyn Baker

Below I am presenting a translation of thanks for the sacrifice for refugees from Ukraine in Poland - in the Congregation of the Sisters of Our Lady of Mercy.

Jesus, I trust you

On behalf of all refugees from Ukraine who are staying in the religious houses of the Congregation of the Sisters of Our Lady of Mercy in Poland, as well as on behalf of the Mother General and the sisters of our Congregation, we would like to thank you for your donation in the amount of USD 5,028.00 (five thousand twenty-eight dollars USA), which was deposited into our bank account on 05/18/2022.

We would like to share that currently there are 160 refugees in our homes, and in total, temporarily and now, more than 200 people have lived. Our monasteries in Poland are primarily women - mothers and sometimes mothers and grandmothers with children. They are provided with accommodation and meals. The state made it possible for refugees to receive treatment on the same terms as Poles, as well as other services supporting their stay. Children go to kindergartens and schools. In our 3 kindergartens, 20 children who live in the neighborhood are looked after per day. Currently, some young people in Poland pass their secondary school exams. Women would very much like to work in order to have something to do and spend their time. They are very calm and good guests. Grateful for everything!

Therefore, please accept the heartfelt thanks and pass it on to ALL who in any way contributed to the sacrifice sent to us, and which will be divided and sent to specific places of refugees and well used.

May Merciful Jesus bless the Donors who have split up with the Ukrainian people with their hearts and financial support.

With kindest regards and a gift of prayer

The Feed the Malnourished program is now in week 3. For the past weeks from Monday to Saturday breakfasts, the children were served with Quaker Oats with milk, brown sugar & honey, and boiled eggs (Nido milk, Pedia Sure). Some of the children are a little bit gaining weight but not much. The feeding is in the small house of Tesorero family in the squatter area. Prayers were done before and after breakfast by alternating children and by teacher Regina. Thank you to 3 volunteers: Cresencia & Regina Tesorero and Ruffa Oraye. The children ages from 8 months old to 12 years old. 10 children total. If you want to donate for these malnourished children in kind or monetary gifts, we can buy these children foods and vitamins.

Prince Yauna Altesin, a 5 year old boy has been absent from the malnourished program because has been sick. The family is very poor also resides in the squatter area. With the helped of 7 benefactors, paid for his doctor's 2d echo test and other check ups. Because in the Philippines, if you do not have money, more likely you will not be

admitted in the hospital or clinic to see a doctor. The family hasn't gotten the hospital bills yet. Prince results are water in the heart and blood infection and is referred by the doctor to the Philippine Heart Center in Manila yesterday. Please, please pray for Prince healing. It is in God's hands.

Please see below a collage of children week 3 for 6 days May 16 to May 21. The volunteers and children continued to thank and prayed for the Saint Charles Caritas.

Two projects are now done:

(1) St. Anthony's Guest House in Italy regarding the **coin operated washing machine for the pilgrims** is now installed in the wash room of this house. This was the project ministry of **Sister Babylyn Dulfo, Franciscan Sister of the Atonement**. She is now assigned in the Franciscan Convent in Graymoor, New York. Sister Babylyn is also instrumental for the Saint Charles Caritas ministry in the squatter area in Paliparan, Cavite Philippines for the Feed the Children that started during the Pandemic. **Great job Sister Babylyn. We thanked God for you!!!** Please see 1 collage attached. In the pilgrims washroom before and after the installation.

(2) Two brand new cell phones for the **2 volunteer teachers Regina Tesorero and Analiza Yauna** for Teach the Children How to Pray the Rosary/Feed the Children in squatter area. For the past two years, the Saint Charles Caritas ministry has been borrowing cell phones around in that place. Finally, the StCC purchased 2 brand new cell phones with cell phone covers, flash drives and connectors. The amount spent was \$575 for everything. The purpose of the cell phones are documentations such as video calls, videos for children's Sunday activities, taking pictures, texts, emails for these ministries Teach the Children How to Pray the Rosary/Feed the Children, Feed the Malnourished Children and Baptism for people in Paliparan Sites 1 to 5 and others. We had our first video call meeting last Saturday in the US and Sunday in the Philippines with teachers Analiza, Regina, Sister Babylyn and me. The sound is clear, video calls were good. The 2 teachers took the first videos of the singing and their activities. It was so clear. I sent the videos through Whatsapp. If you have Whatsapp, you can send me

your invite via telephone number. Let me know. I thanked All the benefactors who chipped in for this project. Please see 1 collage during the 2 cell phones purchased.
