As I mentioned before on my previous emails, Prince Yauna Altesin has a heart problem and before that had a blood infection and kidney problem. These two problems were now gone except for the heart issue. Prince is a 5 year old attending the Teach The Children How to Pray the Rosary/Feed the Children and also he is one of the children in the Feed the Malnourished Children program. Please continue praying for Prince complete healing.

Prince's Update as of 7/15/2022

Good day! I just want to share that Prince Yuan Altesin is doing good and healthy these past few weeks since he is taking maintenance medications regularly, thank you for your kindness and donations. He always attends the Sunday session to pray the rosary and go to feed for the malnourished every Monday to Saturday (though sometimes he is not feeling well since he easily gets tired while walking, his mother always gets the food for him). We, from his family always pray for his fast recovery and always monitor his

food. We always keep him healthy since this coming November is his next schedule check up (For 2D Echo- For his heart). We are hoping for a good result for him not to undergo surgery. And we know that God has Mercy He will protect Prince in every aspect.

Prince already received the food, vitamins and medicine supplies that you have donated, we really appreciate everything. It's a big help for Prince. Thank you so much.

*Again, thank you for your support and prayers, **May God fill your heart with Peace and Love. God bless you and stay safe.***
